CERTIFICATE REGARDING THE USE OF GENERATIVE ARTIFICIAL INTELLIGENCE

I, _____ [*print name*], hereby certify that I have read the Individual Rules & Practices in Civil Cases for Judge Broderick, United States District Judge for the Southern District of New York.

I, or someone under my supervision, used an artificial intelligence (“AI”) tool in preparing the filing submitted in the above-captioned case on _____ [*insert date*] and titled _____ [*insert title*] at Doc. ___ [*insert document number*]. I further certify that:

☐ I personally reviewed the filing for accuracy.

☐ I did not personally review the filing for accuracy but someone under my supervision personally reviewed the filing for accuracy.

☐ Neither I nor anyone under my supervision personally reviewed the filing for accuracy (failure to do so violates the Court’s Individual Rules).

If I reviewed the filing for accuracy, or had another under my supervision review the filing for accuracy, I/we took the following steps to verify the accuracy of all cited legal authorities and factual assertions generated by the AI tool (*e.g.*, that each legal assertion and/or citation to the law or the record has been independently verified as accurate):

I understand that I will be held individually responsible for the contents thereof according to Rule 11(b) of the Federal Rules of Civil Procedure and the certifications required thereunder, including verifying any portions of the filing drafted by generative AI, and that failure to comply with the Court’s Individual Rules may result in sanctions, the document being stricken, or other remedies that the Court deems appropriate.
